Readers' Workshop

We will learn the following classroom principles that support independent reading work:

- Use an appropriate voice level
- Turn and talk to share your thinking
- Listen carefully to each other
- The classroom library is organized so you can make good book choices
- Take good care of the books in the library
- Read silently so everyone can enjoy reading

Writers' Workshop

We will also learn the following classroom principles that support independent writing:

- Find ways to solve problems when the teacher is busy
- Do your best work
- Get started on your own quickly and quietly
- Draw and write until the end of writing time

Upcoming Events

Information will be coming soon!

Mathematics

Topic: Understand Addition and Subtraction

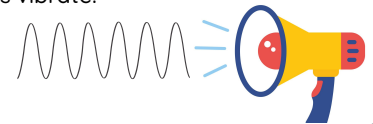

We will develop a deeper understanding of addition and subtraction by working on "add to", "put together", "take from", "take apart" and "compare" problems.

Science

Topic: Light and Sound

Science Experience 1: Investigate Sound

We will plan and conduct investigations that provide evidence that vibrating materials can make sound and that sound can make materials vibrate!

Social Studies

Topic: Being a Good Citizen

Questions:

What are the rights and responsibilities of citizens?

How do rules and laws help us?

- Rules and laws help us stay safe, be fair, and get along
- Good citizens have a responsibility to follow rules and laws

How can we get along with others?

- Good citizens work together to solve problems, reach agreements, cooperate, and make compromises
